RE: Case # 2008-00149
Substantial Completion

On August 2, 2010, following a review by the Board of Commissioners of the Christian County Water District, representatives of Rural Development, as recommended by McGhee Engineering, the Christian County Water District Phase 7 pipe line extension project was declared substantially complete in accordance with the contract plans and specifications.

McGhee Engineering has prepared a copy of the "as-built" drawings, which will be forwarded directly to the Public Service Commission.

In accordance with "807 KAR 5:069, Section 3" please accept this as notice that Christian County Water District (CCWD) has obtained RD approval for the addition of a customer service facility using any remaining RD funds toward this project addition. This addition will not require the need to alter or change CCWD's current rates for service.

Respectfully,

James Owen
General Manager
